

Cowboy Kennels Grooming Agreement

5207 McCullough Ave

San Antonio TX 78212

210-822-1166 210-822-0811 (fax)

Pet(s) Name _____

Owner _____

Person(s) to Contact in Case of Emergency _____ Cell Phone# _____

Vaccines: To maintain healthy conditions we require all pets to be current of Rabies, DHLp-P & flea treatment. Any evidence of fleas on the pet will be treated at the owner's expense.

Aggressive or Dangerous pets: Owners must inform Cowboy Kennels if your pet has bitten or is aggressive to other people, pets or during specific grooming situations. Muzzles may be used if necessary. Muzzling will not harm your pet and protects both the groomer and the pet. CK reserves the right to refuse/stop services for such pet(s) at any time before or during the grooming process. If the pet should bite, the owner agrees to be responsible for any and all related medical bills, recovery costs, loss of income and equipment damage and rabies quarantine if required.

Health or Medical Problems & Senior Pets: Grooming procedures can sometimes be stressful, especially for a senior pet or pet with health problems, and can expose hidden medical problems or aggravate a current one during or after the groom. Because senior pets and pets with health problems have a greater chance of injury, these pets will be groomed for cleanliness and comfort, in styles that will not add to their stress. In the best interest of your pet this contract/agreement will give CK permission to obtain immediate Veterinary treatment for your pet should it be deemed necessary by CK. We will do our best to contact you first, then take your pet Dr. Kirlin at Eagle Veterinary Hospital or to the nearest Veterinarian that is available. It is agreed that all expenses for Veterinary care will be covered by the pet's owner upon signing this contract/agreement.

Mat Removal: Pets with matted coats need extra attention during their grooming session. Mats left in a pet's coat only grow tighter, and can damage the pet's skin, or eventually tear it open. Mats can be very difficult to remove, and may require the pet to be shaved. When necessary, removing a heavily matted coat includes risks of nicks, cuts or abrasions due to warts, moles or skin folds trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing fungus or bacteria to grow, worsening skin irritations that existed prior to the grooming process. Torn skin from mats can also harbor maggots. After effects of mat removal procedures can include itchiness, skin redness, self-inflicted irritations or abrasions and failure of the hair to re-grow. Shaved pets are also prone to sunburn and should either have sunscreen applied daily or should be kept out of the sun until the hair grows sufficiently to protect the skin. In some cases pets may also exhibit brief behavioral changes. Prevention is the best defense against matting by scheduling regular grooming appointments. There is an extra charge for dematting.

Accidents: There is always the possibility an accident could occur. Even though we use extreme caution and care in all situations. Grooming equipment is sharp possible problems could occur including cuts, nicks, scratches, quicking of nails, etc. In most cases this can happen when a pet is wiggling or moving around.

Hold Harmless Agreement: By signing this contract your (or your Agent) agree to hold CK, it's owners, operators, employees, officers and directors harmless from any damage, loss, or claim arising from any condition of the undersigned pet, either known or unknown to CK. It is also further understood and agreed the terms of this agreement can change at any time, without notice, and will overwrite any and all prior signed contracts or releases. It is further understood this clause applies to any and all pets groomed

I have read and agree to the policies of CK for my pet(s).
